Office Policy Regarding Third Party Claims

If you have been involved in an accident caused by another person (third party) you are still ultimately responsible for your bill regardless of whether or not you are reimbursed by the third party.

We will file on any other available Health Insurance, Personal Injury Protection (PIP), or Med Pay coverage. If you do not have any of the insurance listed above we will generally accept a letter of protection issued by an attorney. We will also accept a letter of protection for your deductible or co-pay amounts.

If we accept a letter of protection from an attorney's office, this does not relieve you of your responsibility for payment. Even if you do not receive reimbursement from the third party you will still owe the incurred medical expenses provided by this office.

Please be aware, your Health Insurance or Med Pay coverage may remit payment to this office and you may be required to repay the plan from your settlement proceeds. Please discuss this issue with a legal representative or your Insurance Company.
